Identification Product Identifier

- · Trade name: Penofin 550 VOC Log-On
- Relevant identified uses of the substance or mixture and uses advised against:
- · Product Description Semi-transparent stain for use on wood.
- · Details of the Supplier of the Safety Data Sheet:

Manufacturer/Supplier: Performance Coating, Inc.
P.O. Box 1569
360 Lake Mendocino Drive
Ukiah, CA 95482
Phone: (707) 462-3023
Fax: (707) 462-6139
Emergency telephone number: Chemtrec 1-800-424-9300 or outside USA 1-703-527-3887

2 Hazard(s) Identification

### · Classification of the substance or mixture:

GHS02 Flame

Flam. Liq. 3 H226 Flammable liquid and vapor.

Acute Tox. 4H332Harmful if inhaled.Skin Irrit. 2H315Causes skin irritation.Skin Sens. 1BH317May cause an allergic skin reaction.

Eye Irrit. 2B H320 Causes eye irritation.

- · Label elements:
- · GHS label elements

The product is classified and labeled according to the Globally Harmonized System (GHS).

· Hazard pictograms:

· Signal word: Warning

 Hazard-determining components of labeling: Xylene, mixture of isomers
 Ethylbenzene
 3-lodo-2-propynylbutylcarbamate
 2-butanone oxime

OSHA HazCom Standard 29 CFR 1910.1200(g) and GHS Rev 03.

Hazard statements:	
H226 Flammable liquid and vapor.	
H332 Harmful if inhaled.	
H315+H320 Causes skin and eye irritation.	
H317 May cause an allergic skin reaction.	
Precautionary statements:	
P210 Keep away from heat/sparks/open flames/hot surfaces. No smoking.	
P233 Keep container tightly closed.	
P240 Ground/bond container and receiving equipment.	
P241 Use explosion-proof electrical/ventilating/lighting/equipment.	
P242 Use only non-sparking tools.	
P243 Take precautionary measures against static discharge.	
P261 Avoid breathing dust/fume/gas/mist/vapors/spray.	
P264 Wash thoroughly after handling.	
P271 Use only outdoors or in a well-ventilated area.	
P272 Contaminated work clothing must not be allowed out of the workplace.	
P280 Wear protective gloves/protective clothing/eye protection/face protection.	
P302+P352 IF ON SKIN: Wash with plenty of water.	
P303+P361+P353 If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water	/
shower.	
P304+P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing.	_
P305+P351+P338 If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if	f
P312 present and easy to do. Continue rinsing. Call a POISON CENTER/doctor if you feel unwell.	
P321 Specific treatment (see supplementary first aid instructions on this Safety Data Sheet). P332+P313 If skin irritation occurs: Get medical advice/attention.	
P333+P313 If skin irritation or rash occurs: Get medical advice/attention.	
P337+P313 If eye irritation persists: Get medical advice/attention.	
P362+P364 Take off contaminated clothing and wash it before reuse.	
P363 Wash contaminated clothing before reuse.	
P370+P378 In case of fire: Use for extinction: CO2, powder or water spray.	
P403+P235 Store in a well-ventilated place. Keep cool.	
P501 Dispose of contents/container in accordance with local/regional/national/international	ı
regulations.	'
<b>Danger Spontaneous Combustion:</b> Rags, steel wool or waste soaked with Penofin exterior wood finish may	,
Danger popula estab fire if improperty diserted in mediately offer year place range steel week or whething	

spontaneously catch fire if improperly discarded. Immediately after use, place rags, steel wool or waste in a sealed water-filled metal container away from buildings and other combustible materials.

### · Unknown acute toxicity:

- 16.2 % of the mixture consists of component(s) of unknown toxicity.
- · Classification system:
- NFPA ratings (scale 0 4)
- · HMIS-ratings (scale 0 4)

### 4 First-Aid Measures

· Description of first aid measures:

• General information:

Symptoms of poisoning may occur after exposure to dust, fumes or particulates; seek medical attention if feeling unwell.

· After inhalation:

Supply fresh air. If required, provide artificial respiration. Consult doctor if symptoms persist.

In case of unconsciousness place patient stably in side position for transportation.

· After skin contact:

Immediately wash with water and soap and rinse thoroughly.

- If skin irritation occurs, consult a doctor.
- After eye contact: Rinse opened eye for several minutes under running water.
- After swallowing: If swallowed and symptoms occur, consult a doctor.
- Information for doctor:
- Most important symptoms and effects, both acute and delayed: No further relevant information available.

Indication of any immediate medical attention and special treatment needed:

No further relevant information available.

# 5 Fire-Fighting Measures

- Extinguishing media:
- Suitable extinguishing agents: CO2, sand, extinguishing powder. Do not use water.
- · For safety reasons unsuitable extinguishing agents: Water

OSHA HazCom Standard 29 CFR 1910.1200(g) and GHS Rev 03.

Page 4/13

# Trade name: Penofin 550 VOC Log-On

- Special hazards arising from the substance or mixture:
- Combustible liquid. Vapors can travel to a source of ignition and flash back.
- Explosive mixtures may occur at temperatures at or above flashpoint.
- Advice for firefighters:
- Protective equipment:
- Mouth respiratory protective device.

As in any fire, wear self-contained breathing apparatus pressure-demand (NIOSH approved or equivalent) and full protective gear to prevent contact with skin and eyes.

### 6 Accidental Release Measures

- Personal precautions, protective equipment and emergency procedures:
- Wear protective equipment. Keep unprotected persons away.
- Environmental precautions:
- Inform respective authorities in case of seepage into water course or sewage system.
- Methods and material for containment and cleaning up:
- Absorb with liquid-binding material (i.e. sand, diatomite, acid binders, universal binders, sawdust).

Dispose contaminated material as waste according to section 13.

Ensure adequate ventilation.

Do not flush with water or aqueous cleansing agents

Dispose of the collected material according to regulations.

Reference to other sections:

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

### 7 Handling and Storage

- · Handling
- · Precautions for safe handling:

Ensure good ventilation/exhaustion at the workplace.

Prevent formation of aerosols.

- · Information about protection against explosions and fires: Protect from heat.
- · Conditions for safe storage, including any incompatibilities:
- · Storage
- · Requirements to be met by storerooms and receptacles: Store in the original container.
- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions:
- Keep receptacle tightly sealed. Protect from heat and direct sunlight.
- · Specific end use(s): No further relevant information available.

8 Exposure Controls/Personal Protection

· Additional information about design of technical systems: No further data; see section 7.

- · Control parameters:
- Components with occupational exposure limits:

The following constituents are the only constituents of the product which have a PEL, TLV or other recommended exposure limit.

At this time, the other constituents have no known exposure limits.

# Trade name: Penofin 550 VOC Log-On

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Select glove material based on penetration times, rates of diffusion and degradation.

#### · Material of gloves:

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material cannot be calculated in advance and has therefore to be checked prior to the application.

### Penetration time of glove material:

The exact break-through time has to be determined and observed by the manufacturer of the protective gloves.

### • Eye protection:

Goggles recommended during refilling.
